At 0820 hours, 21 twin-engine planes and one large  
 aluminum-colored commercial plane were parked on  
 the Voeslau airfield.\* At 1700 hours only 14 of  
 the above twin-engine planes were seen on the  
 airfield.

Comment: The twin-engine planes were  
 probably PE-2s. Voeslau appears to be a major Soviet  
 courier and personnel transport airfield.
